Employee & Family	\$6.73

IMPORTANT TO KNOW

What is a benefit allowance?

A benefit allowance gives you a certain dollar amount to use towards contacts and glasses (lenses and frames). When you choose materials that are within that dollar amount or allowance, they are covered at 100%. If you choose a frame exceeding your plan allowance, you'll be responsible for paying the overage, in addition to any applicable copays at the time of your visit.

Can I get contacts AND glasses in the same calendar year?

No. You can only get contacts OR glasses in the same calendar year, not both.
